Dahlias For Your 1945 Victory Garden

DAHLIADEL 1945 INTRODUCTIONS

FAITHFUL (Dahliadel 85A), SC, Bloom 9-10 x 4-5, Bush 5 ft. The best and most dependable white Semi-Cactus we have ever grown. The name for this dahlia was submitted by W. J. Haugh, of Wells-ville, Ohio. Under normal culture, blooms are 9 to 10 inches across, and 4 to 5 inches deep. Bush growth is sturdy, with well-proportioned stems and glossy green foliage. Too many of our whites, including our Mother Maytrott, are hard to grow and winter over. Faithful is easy to grow, a good root maker, easy to winter over, and blooms are always full-centered. The bloom pictured is a young flower, and is more enhancing as it fully matures. On the Mid-West Honor Roll of the Flower Grower.

Root, \$10.00; Pot Root, \$7.50;
Plant, \$5.00

DAHLIADEL 1945 INTRODUCTIONS, cont'd

SGT. WILLIAMS (Williams-Dahlia 85A), ID, Bloom 11 x 7, Bush 5½ ft. Comes to us recommended by our good friends Oliver Shurtleff and Lynn Dudley. This is the golden yellow sport of Glamour, which has proven so good for 3 years in West Virginia. Although we have not grown this dahlia ourselves, all of us who grow Glamour know what a rugged and healthy grower it is, and how easy it is to handle. Bloomed for the originator from the first of July. Good for cutting. Made a good showing at Storrs, and is on the Eastern Honor Roll.
Root, \$10.00; Plant, \$5.00

MME. CHIANG KAI SHEK (Pittman-Dahlia 85A), ID, Bloom 9 x 5, Bush 5½ ft. Color is deep lemon yellow, with a soft peach and mauve suffusion on the reverse and tips of petals. The name for this dahlia was sent to us by Mrs. C. J. Thompson, of Wylam, Alabama. It has very unusual wavy petals, with some petals leaning to Semi-Cactus form. Naturally grows large, even without much disbudding. The bush is very strong and robust, with long erect stems holding blooms well out of the insect-resistant foliage. Scored 84 at Storrs, and is on the Eastern Honor Roll.
Root, \$10.00; Pct Root, \$7.50; Plant, \$5.00

We have grown it for 2 years and like it very much, and believe it will make many friends. Has long strong stems, and is a good rugged grower. Picture shows the natural position of the bloom, and we feel sure it will more than please you.

DAHLIADEL NURSERIES

DAHLIADEL 1945 INTRODUCTION, cont'd

FLYING FORTRESS (Pittman-Dahliadel 85A), ID, Bloom 11 x 5, Bush 4½ ft. This is the dahlia that was featured in a naming contest in the A.D.S. Bulletin of August, 1943, with the temporary Seedling name of Pittman's Giant Cardinal. The winner of this contest was Dr. L. N. Sherrard, of Santa Ana, Calif., who submitted the name Flying Fortress. The general tone is soft scarlet with a lighter reverse. It is of artistic form and brilliant color, and arranges beautifully, especially in baskets. It is a rugged healthy grower and a profuse bloomer. Certified in W. Va. and Md. Trial Grounds in 1942. This variety does best from roots, so we grew it entirely from roots the past season, and sent it to some of our customers on trial, and it has proven very satisfactory. We have delayed the introduction of this dahlia to build up sufficient stock of it so that we could offer it in roots only at a moderate price.

Root, \$5.00; 3 for \$10.00

DAHLIADEL 1945 INTRODUCTIONS, Small Varieties

JUBILANT (Dahlia 86M), M ID, Bloom 3 x 2, Bush 3 1/2 ft. We believe this is the first dahlia winning the Derrill W. Lansing, which assures you of its wonderful performance under various conditions. This little Miniature appeals to us above all other Miniature seedlings we have ever grown. Makes a gay bright spot in any garden. Color is cherry red, inclined orange, with a lighter reverse. There is just no end of blooms, and the picture taken in late October shows its ability to hold perfect centers. Root, \$5.00; Pot Root, \$3.75; Plant, \$2.50

Good keeper, and fine for cutting. One of the first to bloom, and truly beautiful all season. Root, \$5.00 Each, 3 for \$10.00; Pot Root, \$3.75; Plant, \$2.50

DAHLIA SEED

Sow in flats or frames in early spring in light soil, cover the seed not more than one-fourth inch about the same as you would tomato seed. When first pair of true leaves are well developed transplant into small pots or flats and grow in cool temperature until they can be planted in the garden. Should they get too large pinch back and shift to larger pots giving them room.

DAHLIA SEEDLINGS never come true to their parentage, but do usually show some similar characteristics in form, color or bush growth. You cannot grow seedlings of a named variety and produce the same variety.

CACTUS AND DECORATIVE SEED (California grown). Mixed. 20 Seed, \$1.00; 100 Seed, \$5.00
